# Fabric Care: Insolroll Fabric Programs

Fabric      Openness      Manufacturer recommended care

Oasis Fabrics		
TuffScreen	48%	Clean with a mild soapy solution, avoiding hard scrubbing.
TuffScreen No-See-Ums	45%	Clean with a mild soapy solution, avoiding hard scrubbing.
Aurora	3%, 5%	Remove dust with a vacuum cleaner or compressed air. Clean with a sponge and warm, soapy water using mild detergent. Rinse with clean water. Do not scrub. Do not use solvents or abrasives that could harm the coating of the fabric. Leave the shade down until completely dry. You may also very gently rub the fabric with a clean white pencil eraser to remove small stains.
Dusk	Blackout	For regular care and maintenance, the excess dirt should be brushed from the fabric using a soft brush; the fabric should then be sprayed with warm water (not exceeding 100° F) and air-dried. Periodically, the fabric should undergo a more thorough cleaning. Again, brush fabric with a soft bristled brush, spray with warm water, then apply a gentle soap. Let stand for 10 to 20 minutes, taking care not to let it dry, then rinse thoroughly and air-dry. Do not use detergents and/or solvents. Leave shades down until completely dry to prevent mildew from forming.
Kona	5%, 10%	Kona contains Microban antimicrobial protection; the following cleaning practices will not affect the product's ability to resist the growth of microorganisms, and are considered safe for routine cleaning. >Clean with mild soap and water >Commercial and hospital grade cleaners/disinfectants may be used; test in an inconspicuous area to ensure compatibility >Paint solvents will damage the vinyl surface of the fabric and should not be used.
Maui	3%, 5%	Maui contains Microban antimicrobial protection; the following cleaning practices will not affect the product's ability to resist the growth of microorganisms, and are considered safe for routine cleaning. >Clean with mild soap and water >Commercial and hospital grade cleaners/disinfectants may be used; test in an inconspicuous area to ensure compatibility >Paint solvents will damage the vinyl surface of the fabric and should not be used.
Natural Weave Linen	3%	Natural Weave Linen contains Microban antimicrobial protection; the following cleaning practices will not affect the product's ability to resist the growth of microorganisms, and are considered safe for routine cleaning. >Clean with mild soap and water >Commercial and hospital grade cleaners/disinfectants may be used; test in an inconspicuous area to ensure compatibility >Paint solvents will damage the vinyl surface of the fabric and should not be used.
Palisade	3%, 5%, 10%	Remove dust with vacuum cleaner or compressed air. Do not scrub. Do not use solvents or any abrasive substance which might damage the coating of the fabric. Clean with a sponge or a soft brush dipped in soapy water using mild detergent. Rinse with clean water. Leave the shade down until completely dry. You can also very gently rub the fabric with a clean white pencil eraser to remove small stains.
Shore	Translucent	For regular care and maintenance, the excess dirt should be brushed from the fabric using a soft brush; the fabric should then be sprayed with warm water (not exceeding 100° F) and air-dried. Periodically, the fabric should undergo a more thorough cleaning. Again, brush fabric with a soft bristled brush, spray with warm water, then apply a gentle soap. Let stand for 10 to 20 minutes, taking care not to let it dry, then rinse thoroughly and air-dry. Do not use detergents and/or solvents. Leave shades down until completely dry to prevent mildew from forming.
